

ROBIN RAINA

He is one of the few die-hard Indian folks whose leadership in business circles and social philanthropy both is an example that is hard to follow. In spite of running a very successful \$2.5 Billion plus business enterprise (the Ebix group of companies that trades on the NASDAQ under the ticker symbol EBIX), he has dedicated his life to public service focusing all his efforts on education of the underprivileged children and housing for the homeless in India.

With a social media following of 1.65 million+ fans, Robin writes regularly on the topic of making charity fashionable and cool. More on Robin can be accessed on www.robinraina.com

A True Philanthropist:

- Building 6000 homes for Slum Dwellers in Delhi.
- Educating thousands of underprivileged kids, free of cost.
- Funding multiple charity projects beyond national boundaries.

Compassionate Capitalist:

- Led EBIX to a shareholder return of 26,500%
- Only CEO to be featured 5 times in a decade in FORTUNE's 100 Fastest Growing companies list.
- Winner of numerous International and National awards

A Business & Charity icon, Robin has served as a film producer and is also writing a book titled 'Blueprint to Death'.

A few major achievements of Robin in the social sector are as follows:

- He has built and handed over two thousand three hundred four (2,304) concrete homes free of any cost to former slum dwellers in the Bawana region of Delhi.
- He is targeting to build a total of 6,000 homes to fulfill his dream of converting India's 2nd largest slum Bawana into a slum free city.
- He has educated thousands of under-privileged kids across the country through his schools and has helped them become Doctors, Engineers, Lawyers, Educationists etc. All these schools are funded 100% by him without seeking any help from any agency or the Government.
- He has funded the education of hundreds of blind kids from school to the Masters program. Robin financially and morally supports all underprivileged kids passing out of the Blind Relief Association School at Defence Colony. He helps them secure admissions in top colleges such as St. Stephens, Hindu, Ramjas, Delhi University etc.
- Robin adopted two tsunami affected villages of Kottilpadu and Pudur, immediately after tsunami hit these villages causing immense devastation. Robin's foundation provided immediate cash relief to 1,320 families in these villages and worked together with the church and local charities to secure funding from other sources.
- He has deployed empowerment programs working with the panchayats of various villages like Hoshiarpur Garhi and Sikanderpura Kakori in Uttar Pradesh. These programs are for the rural underprivileged girl children teaching them textile design, stitching and embroidery etc.
- He has introduced the concept of Self Help Groups for thousands of underprivileged housewives in the slums of Bawana – Delhi and Noida, allowing them to help each other through monitored loans and self elected bodies.
- He has built an orphan home - Udaan, for the underprivileged girl children in Mumbai.
- He has helped provide cancer treatment to underprivileged kids and older underprivileged citizens in Delhi, Bombay, US and the Indian sub-continent. Pakistan Prime Minister Imran Khan's Shaukat Khanum Cancer Hospital has named the ward 224 in the hospital after Robin Raina, because of his help in funding the cancer ward.
